AutoRight Headlight Restoration Kit

Model: C800885.M

Improve Visibility and Improve Safety

Yellow, cloudy headlights reduce driving visibility, making it a serious safety concern. The AutoRight Headlight Restoration Kit revitalizes those scratched and oxidized lenses to a like-new condition.

Clarity in Minutes

Save hundreds of dollars on headlight replacement. The affordable Headlight Restoration Kit comes with

everything you will need to restore your headlights in a few easy steps.

How it works?

Sanding

It starts by sanding the lenses with the supplied variety of sandpaper grits to remove imperfections and create a smooth surface.

Polishing

Next, move on to polishing the surface with the poly/cotton pad and polishing compound. Once complete, there will no longer be a cloudy haze on the headlights.

Sealing and Protection

Finally, use the included UV blocker towelette to wipe away and tiny scratches and creating a new UV protected seal on the lenses for clarity and to prevent future discoloration for years to come.

Don't Forget the Muscle

Simply attach the hook and loop sandpaper to a drill attachment and revitalize oxidized headlights to greatly improve driving visibility.
